

ORDER FORM

Name:

Email:

Address:

I wish to order the following books:

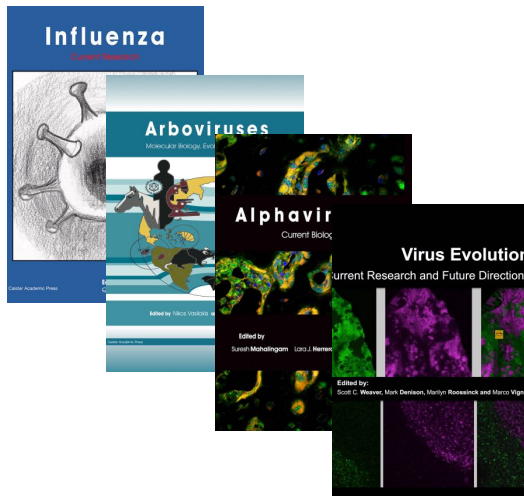

Book Systems Plus, 4 Hollands Road, Haverhill, CB9 8PP, UK

www.caister.com/order bsp2b@aol.com

Tel. +441223893261 or +441440706716

We will send you a proforma invoice. Orders are dispatched from our US or our UK centre depending on the location of the customer.

Full ordering information at caister.com/order

CURRENT TITLES:

• **Bacillus: Cellular and Molecular Biology (Third edition)**

Edited by: P Graumann (2017)
www.caister.com/bacillus2017

• **Cyanobacteria: Omics and Manipulation**

Edited by: DA Los (2017)
www.caister.com/cyano3

• **Brain-eating Amoebae: Biology and Pathogenesis of Naegleria fowleri**

Author: R Siddiqui, IKM Ali, JR Cope, et al. (2016)
"explains the current knowledge and research" (ProtoView)
www.caister.com/naegleria

• **Foot-and-Mouth Disease Virus: Current Research and Emerging Trends**

Edited by: F Sobrino, E Domingo (2017)
www.caister.com/fmdv

• **Staphylococcus: Genetics and Physiology**

Edited by: GA Somerville (2016)
www.caister.com/staph2

• **Chloroplasts: Current Research and Future Trends**

Edited by: H Kirchhoff (2016)
www.caister.com/chloroplasts

• **Microbial Biodegradation: From Omics to Function and Application**

Edited by: J Długoński (2016)
www.caister.com/biodegradation

• **Influenza: Current Research**

Edited by: Q Wang, YJ Tao (2016)
www.caister.com/flu3

• **MALDI-TOF Mass Spectrometry in Microbiology**

Edited by: M Kostrzewa, S Schubert (2016)
www.caister.com/malдитof

• **Aspergillus and Penicillium in the Post-genomic Era**

Edited by: RP Vries, IB Gelber, MR Andersen (2016)
"new and well-presented book" (IMA Fungus)
www.caister.com/aspergillus2

• **The Bacteriocins: Current Knowledge and Future Prospects**

Edited by: RL Dorit, SM Roy, MA Riley (2016)
"a comprehensive survey" (ASM: Small Things Considered)
www.caister.com/bacteriocins

• **Omics in Plant Disease Resistance**

Edited by: V Bhadauria (2016)
"essential reading ... highly recommended" (Biotechnol. Agron. Soc. Environ.)
www.caister.com/opdr

Foot-and-Mouth Disease Virus: Current Research and Emerging Trends

Edited by: Francisco Sobrino and Esteban Domingo (Published 2017)

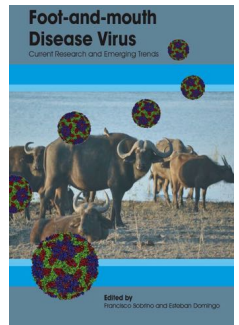

www.caister.com/fmdv

xii + 432 pp. £199, \$398.

Book: 978-1-910190-51-7.

Ebook: 978-1-910190-52-4

Available now !!!

This book is required reading for everyone involved in FMD and is an important acquisition for all virology libraries.

The volume provides essential scientific background on FMD and FMD virus, as well as comprehensive, interdisciplinary and up-to-date information on basic research findings and applied developments contributing to FMD control. The eighteen chapters have been written by leading FMD researchers.

- **Chapter 1:** Introduction: Foot-and-mouth Disease: Much Progress But Still a Lot to Learn.
- **Chapter 2:** Genome Organisation, Translation and Replication of Foot-and-mouth Disease Virus RNA.
- **Chapter 3:** Foot-and-mouth Disease Virus Proteinases and Polyprotein Processing.
- **Chapter 4:** The Foot-and-mouth Disease Virion: Structure and Function.
- **Chapter 5:** Foot-and-mouth Disease Virus Receptors: Multiple Gateways to Initiate Infection.
- **Chapter 6:** The RNA-dependent RNA Polymerase 3D: Structure and Fidelity.
- **Chapter 7:** Quasispecies Dynamics Taught by Natural and Experimental Evolution of Foot-and-mouth Disease Virus.
- **Chapter 8:** Clinical Signs and Pathology of Foot-and-mouth Disease.
- **Chapter 9:** Natural Habitats in which Foot-and-mouth Disease Viruses are Maintained.
- **Chapter 10:** Innate to Adaptive: Immune Defence Handling of Foot-and-mouth Disease Virus.
- **Chapter 11:** Laboratory Diagnostic Methods to Support the Surveillance and Control of Foot-and-mouth Disease.
- **Chapter 12:** Quality Attributes of Current Inactivated Foot-and-mouth Disease (FMD) Vaccines and their Effects on the Success of Vaccination Programmes.
- **Chapter 13:** Peptide Vaccines Against Foot-and-mouth Disease.
- **Chapter 14:** Control of Foot-and-mouth Disease by Using Replication-defective Human Adenoviruses to Deliver Vaccines and Biotherapeutics.
- **Chapter 15:** Antiviral Therapies for Foot-and-mouth Disease.
- **Chapter 16:** Mathematical Models of the Epidemiology and Control of Foot-and-mouth Disease.
- **Chapter 17:** The Role of International Organizations in the Control of Foot-and-mouth Disease.
- **Chapter 18:** Overview of Foot-and-mouth Disease and its Impact as a Re-emergent Viral Infection.

Influenza

Current Research

Edited by: Q. Wang and Yizhi J. Tao
Published September 2016

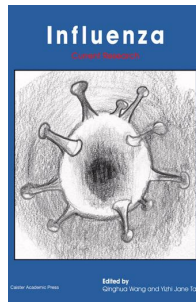

www.caister.com/flu3

x + 164 pp. £159, \$319.

Book: 978-1-910190-43-2.

Ebook: 978-1-910190-44-9

Highly informative and well referenced. Recommended reading.

Virus Evolution

Current Research and Future Directions

Edited by: S.C. Weaver, M. Denison, M. Roossinck and M. Vignuzzi
Published January 2016

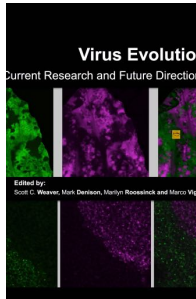

www.caister.com/virusevol

366 pp. £159, \$319.

Book: 978-1-910190-23-4.

Ebook: 978-1-910190-24-1

"highly informative ... a pleasure to read" (Micro. Today)

Essentials of Veterinary Parasitology

Edited by: Hany M. Elsheikha and Naveed Ahmed Khan

www.caister.com/veterinary-parasitology

x + 222 pp. £59, \$99.

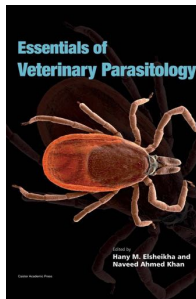

Book: 978-1-904455-79-0

"Students will love this book" (VIN)

"worth buying" (Vet. Para.)

"excellent, accurate and up to date... an essential tool" (Aus Vet J)

"an indispensable acquisition" (Acta Parasitologica)

Arboviruses

Molecular Biology, Evolution and Control

Edited by: N. Vasilakis, D.J. Gubler
Published April 2016

www.caister.com/arbo

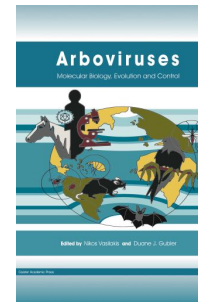

xii + 398 pp. £159, \$319.

Book: 978-1-910190-21-0.

Ebook: 978-1-910190-22-7

"a thorough and compelling review ...

an outstanding book ... highly recommended" (Am. J. Trop. Med. Hyg.); "high standard ... extremely timely ... a must-have book" (Vaccine)

Alphaviruses

Current Biology

Edited by: S. Mahalingam, L. Herrero and B. Herring

Published January 2016

www.caister.com/alpha

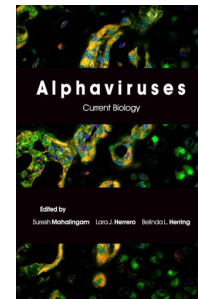

x + 184 pp. £159, \$319.

Book: 978-1-910190-15-9.

Ebook: 978-1-910190-16-6

The first book to focus exclusively on alphaviruses, this book serves as an invaluable resource.

"up-to-date review of the field" (Aus. Vet. J.)

Advanced Vaccine Research Methods for the Decade of Vaccines

Edited by: F. Bagnoli and R. Rappuoli
Published April 2015

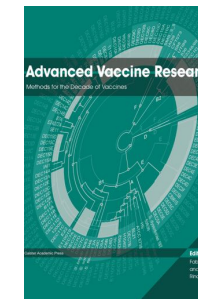

www.caister.com/vaccines

xiv + 456 pp. £180, \$360.

Book: 978-1-910190-03-6.

Ebook: 978-1-910190-04-3

"highly recommended as essential reading ... a recommended volume for all microbiology and medical libraries" (Fungal Diversity)

- **Cytomegaloviruses: From Molecular Pathogenesis to Intervention**

Edited by: MJ Reddehase (2013)

"intended for a wide audience" Ref. Res. Book News

www.caister.com/cmrv2

- **Rhabdoviruses: Molecular Taxonomy, Evolution, Genomics, Ecology, Host-Vector Interactions, Cytopathology and Control**

Edited by: RG Dietzgen, IV Kuzmin (2012)

"an excellent resource" (Microbiol. Today); "goes way beyond what can be found in other textbooks" ASM Microbe

www.caister.com/rhabdoviruses

- **Small DNA Tumour Viruses**

Edited by: K Gaston (2012)

"invaluable for its multiple perspectives and concise summary of a large body of research" (MedicalScienceBooks.com);

"a good reference and review" (Doodys);

"a very valuable reference" (Microbiol. Today)

www.caister.com/dna-tumour-viruses

- **Molecular Virology and Control of Flaviviruses**

Edited by: PY Shi (2012)

"a valuable resource" (Doodys)

www.caister.com/flaviviruses

- **Bunyaviridae: Molecular and Cellular Biology**

Edited by: A Plyusnin, RM Elliott (2011)

www.caister.com/bunyaviridae

- **The Biology of Paramyxoviruses**

Edited by: SK Samal (2011)

"up-to-date" (Book News); "very comprehensive" (Doodys);

"an encyclopedic reference" (Q. Rev. Biol.)

www.caister.com/paramyxoviruses

- **Phage Therapy: Current Research and Applications**

Edited by: J Borysowski, R Międzybrodzki, A Górski (2014)

"comprehensive overview" (BioSpektrum);

"timely and comprehensive" (Clinical Infectious Diseases)

www.caister.com/phagetherapy

- **Bioinformatics and Data Analysis in Microbiology**

Edited by: Ö Taştan Bishop (2014)

www.caister.com/bioinformatics

- **Next-generation Sequencing: Current Technologies and Applications**

Edited by: J Xu (2014)

"written in an accessible style" (Zentralblatt Math);

"recommend this book to all investigators" (ChemMedChem)

www.caister.com/nextgenseq

- **Quantitative Real-time PCR in Applied Microbiology**

Edited by: M Filion (2012)

"useful book ... filled with valuable information" (Doodys);

"an outstanding book" (Fungal Diversity)

www.caister.com/qpcr
