TO THE LIBRARIAN

I recommend the following book for purchase by the library. The book is very relevant to the work in our department. Please consider this book for purchase at the earliest opportunity.

**Title:** Pathogenic *Escherichia coli*: Molecular and Cellular Microbiology  
**Edited by:** Stefano Morabito  
**Publisher:** Caister Academic Press  

Available worldwide from:

* Caister Academic Press https://www.caister.com/order  or from all good book shops and library suppliers

Name: ...................................................................................

Department: ..........................................................................

Signature: ..............................................................................

CURRENT BOOKS OF INTEREST:

☞ **Lyme Disease and Relapsing Fever Spirochetes: Genomics, Molecular Biology, Host Interactions and Disease Pathogenesis**  

☞ **Veterinary Vaccines: Current Innovations and Future Trends**  

☞ **Climate Change and Microbial Ecology: Current Research and Future Trends (Second Edition)**  

☞ **Alphaherpesviruses: Molecular Biology, Host Interactions and Control**  

☞ **Legionellosis Diagnosis and Control in the Genomic Era**  

☞ **Bacterial Viruses: Exploitation for Biocontrol and Therapeutics**  

☞ **Microbial Biofilms: Current Research and Practical Implications**
