TO THE LIBRARIAN

I recommend the following book for purchase by the library. The book is very relevant to the work in our department. Please consider this book for purchase at the earliest opportunity.

**Title:** Enteroviruses: Omics, Molecular Biology, and Control  
**Edited by:** William T. Jackson and Carolyn B. Coyne  
**Publisher:** Caister Academic Press  
**Book:** 978-1-910190-73-9. **Ebook:** 978-1-910190-74-6, £159, $319

Available worldwide from:

* Caister Academic Press https://www.caister.com/order or from all good book shops and library suppliers

Name: ..........................................................................................................

Department: ............................................................................................

Signature: ..................................................................................................

**CURRENT BOOKS OF INTEREST:**

☞ **SUMOylation and Ubiquitination: Current and Emerging Concepts**  

☞ **Avian Virology: Current Research and Future Trends**  

☞ **Insect Molecular Virology: Advances and Emerging Trends**  

☞ **The Prion Protein**  

☞ **Plant Genomics**  

☞ **Methylotrophs and Methylotroph Communities**  

☞ **Microbial Ecology: Current Advances from Genomics, Metagenomics and Other Omics**
