TO THE LIBRARIAN

I recommend the following book for purchase by the library. The book is very relevant to the work in our department. Please consider this book for purchase at the earliest opportunity.

Title: Foodborne and Waterborne Bacterial Pathogens: Epidemiology, Evolution and Molecular Biology
Edited by: Shah M. Faruque
Publisher: Caister Academic Press
Book: 978-1-908230-06-5, £219, $319

Available worldwide from:

* Caister Academic Press https://www.caister.com/order or from all good book shops and library suppliers

Name: ...................................................................................

Department: ..........................................................................

Signature: .............................................................................

CURRENT BOOKS OF INTEREST:

☞ Polymerase Chain Reaction: Theory and Technology

☞ Pathogenic Streptococci: From Genomics to Systems Biology and Control

☞ Bats and Viruses: Current Research and Future Trends

☞ SUMOylation and Ubiquitination: Current and Emerging Concepts

☞ Avian Virology: Current Research and Future Trends

☞ Insect Molecular Virology: Advances and Emerging Trends

☞ The Prion Protein
