An Inventory of Genes Encoding RNA Polymerase Sigma Factors in 31 Completely Sequenced Eubacterial Genomes

Gerhard Mittenhuber

Dr. Issay Narumi from the Department of Radiation Research for Environment and Resources of the Japan Atomic Energy Research Institute has notified me, that Deinococcus radiodurans possesses a sigA gene.

All statements about transcriptional regulation in D. radiodurans made in this paper should be considered as not appropriate.

I would like to apologize for any confusion these statements might have caused.
